NOTES :

- a. A member of the Company entitled to attend and vote at the Meeting is entitled to appoint a proxy or proxies to attend and vote in his stead. A proxy may but need not be a member of the Company and if he is not a Member of the Company, Section 149 of the Companies Act, 1965 shall not be applicable.
- b. Where a member of the Company is an authorized nominee as defined under the Securities Industry (Central Depositories) Act, 1991, it may appoint at least one proxy in respect of each securities account it holds with ordinary shares of the Company standing to the credit of the said securities account.
- c. Where a member appoints more than one (1) proxy (subject always to a maximum of two (2) proxies at each meeting) the appointment shall be invalid unless he specifies the proportions of his holdings to be represented by each proxy.
- d. The instrument appointing a proxy shall be in writing under the hand of the appointer or his attorney duly authorised in writing or if such appointer is a corporation under its common seal or the hand of its officer or attorney.
- e. The instrument appointing the proxy must be deposited at the Company's Registered Office situated at Suite 6.1A, Level 6, Menara Pelangi, Jalan Kuning, Taman Pelangi, 80400 Johor Bahru, Johor, Malaysia not less than forty-eight hours before the time appointed for holding the Meeting and any adjournment thereof.

EXPLANATORY NOTES ON SPECIAL BUSINESS:

I. Pursuant to Resolution 10

The proposed Resolution 10 is to update and streamline the Articles of Association of the Company, to be consistent and in compliance with the Listing Requirements for the Main Board, Second Board and other regulations.

II. Pursuant to Resolution 11 and Resolution 12

The Shareholders' Mandate under Ordinary Resolution 11 and Ordinary Resolution 12 were intended to renew the shareholders' mandate granted by the shareholders of the Company at an Annual General Meeting of the Company held on 29 October 2007. The proposed renewal of shareholders' mandate is to facilitate transactions in the normal course of business of the Company and its subsidiaries ("the Group") which are transacted from time to time with the specified classes of related parties, provided that they are carried out on an arm's length basis and on the Group's normal commercial terms and are not prejudicial to the shareholders on terms not more favourable to the related parties than those generally available to the public and are not to the detriment of the minority shareholders.

By obtaining the Shareholders' Mandate on an annual basis, the necessity to convene separate general meetings from time to time to seek shareholders' approval as and when such recurrent related party transactions occur would not arise. This would reduce substantial administrative time, inconvenience and expenses associated with the convening of such meetings, without compromising the corporate objectives of the Group or adversely affecting the business opportunities available to the Group.

CHAIRMAN'S STATEMENT

Overview

Total revenue achieved for the financial year ended 30 June 2008 amounted to RM20,693,808 for the Group as compared to RM14,678,000 for 2007. This was due to the higher crop sales from the Estate Operations, resulting from the increase of the average FFB price.

The higher contributions from the Estate Operations were further enhanced by higher dividend income achieved by the Group from its long-term investment.

Share of profits from associated companies had increased to RM3,527,623 as compared to RM1,112,386 for 2007.

Prospects

The prospect of the plantation performance for the next financial year ending 30 June 2009 is expected to be challenging for the following reasons:-

1. Prices of Crude palm oil ("CPO") have recently dropped about 25% from the high in 2008
2. The windfall profit levy on CPO threshold at RM2,000 per ton to be imposed on the Estate and
3. Higher fuel, fertiliser, labour and recruitment costs

The results of the associated companies may be further affected by the market valuation of their investments and currency fluctuations due to the jittery capital markets and global economic slowdown.

Subsequent to the balance sheet date, the world's financial markets became volatile following the mortgage crisis in the United States. A loss of investor confidence in the world's financial system may cause a significant slowdown or a severe adverse growth to the world's economies and this could have adverse impact on the Company's business, financial condition, results of operations and prospects.

At the date of this report, the Directors are unable to ascertain the absolute impact, if any, on the Group's financial condition and results of operation arising from the current economic crisis. The financial statements for the year ended 30 June 2008 do not include any adjustments that might result from these uncertainties.

Dividends

The Board is recommending a first and final dividend of 2% less tax and a bonus dividend of 2.5% less tax on 60,491,552 ordinary shares for the year ended 30 June 2008. These proposed dividends are subject to your approval at the forthcoming Annual General Meeting.

Appreciation

The Board would like to express their sincere thanks to the management and estate staff and workers for their good work during the year.

On behalf of the Board of Directors

CECIL V R WONG
Chairman

STATEMENT OF CORPORATE GOVERNANCE

THE CODE OF CORPORATE GOVERNANCE

The Board of Sungei Bagan Rubber Company (Malaya) Berhad (“the Company”) recognizes the paramount importance of practicing good corporate governance to direct the businesses of the Company and its subsidiaries (“the Group”) towards enhancing business value and long term value for its shareholders. The Board is fully committed to ensuring that the high standards of corporate governance are practiced throughout the Group as the underlying principle in discharging its responsibilities.

The only area of non-compliance with the Code is with regards to recommended disclosure of details of the remuneration of each director. Details of the Directors’ remuneration are set out in Note 6 to the financial statements by applicable bands of RM50,000, which complies with the disclosure requirements under the Bursa Malaysia Securities Berhad’s (“Bursa Securities”) Listing Requirements. The Board is of the view that the transparency and accountability aspects of corporate governance as applicable to Directors’ remuneration are appropriately served by the band disclosure made.

DIRECTORS

The Board

The Board’s responsibilities are for setting the strategic direction of the Group, establishing goals for the management and continuously improving its performance so as to protect and enhance shareholders’ value in the Company. They are hence responsible for the overall standards of conduct, risk management, succession planning, strategic planning as well as the system of internal controls within the Group.

Board Composition and Balance

The Board comprises six (6) members; of whom two (2) are Executive Directors and four (4) are Independent Non-Executive Directors. The Board composition complies with the Listing Requirements of Bursa Securities that requires a minimum of 2 or 1/3 of the Board to be Independent Directors. A brief profile of each Director is presented on pages 22 to 25 of the Annual Report.

The Board has a good balance of members who are Executive and Non-Executive Independent Directors such as no one individual or a small group of individuals can dominate the Board’s decision-making process. With their different backgrounds and specialization, the Directors bring along a wide range of experience, expertise and perspective in discharging their responsibilities and duties in managing the business affairs of the Group.

Board Committees

To assist the Board in fulfilling its roles, the Board has four (4) committees, namely Audit Committee, Nomination Committee, Remuneration Committee and Investment Committee, to support and assist in discharging its fiduciary duties and responsibilities. The respective functions and terms of reference of the Board committees as well as authority delegated to these Board committees have been defined by the Board. The Committees report and make recommendations to the Board on matters delegated to them for deliberation. The ultimate responsibility for the final decisions on all matters lies with the Board.

Audit Committee

Details of Audit Committee are presented on pages 18 to 21.

Nomination Committee

The Board has established a Nomination Committee which is to ensure that the Directors of the Board bring characteristics to the Board which should provide a required mix of responsibilities, skills and experience. The Nomination Committee will also assist the Board in reviewing on an annual basis the appropriate balance and size of Non-Executive participation and in establishing procedures and processes towards an annual assessment of the effectiveness of the Board as a whole, and contribution of each individual Director and Committee of the Board.

Where a vacancy exists or when it is considered that the Board would benefit from the services of a new Director with particular skills, the Nomination Committee will select one or more candidates with the appropriate expertise and experience.

The Nomination Committee that was set up on 18 February 2002, consist of at least two (2) members and shall exclusively comprise of Non-Executive Directors with a majority of Independent Directors.

The members are as follows:

Chairman

Huang Yuan Chiang

Members

Supply of Information

Prior to any Board meeting, every Director is given an agenda with the relevant documents and information on each agenda item to be deliberated on. The Chairman will lead the presentation of Board papers and discussion. All Directors are entitled to call for additional clarification and information to assist them in matters that require their decision-making.

All Directors have unrestricted access to the advice as well as services of the Company Secretaries and external auditors whether as a full Board or in their individual capacity, in the furtherance of their duties. They may obtain independent professional advice at their discretion at the Company's expense.

Appointment to the Board

The Company has a transparent and formal procedure for the appointment of new Directors to the Board.

The Nomination Committee of the Company comprises four (4) Independent Non-Executive Directors. The Nomination Committee is responsible for making recommendations for any appointments to the Board. In making these recommendations, the Nomination Committee considers the required mix of skills and experience and other qualities, including core competencies which the Directors should bring to the Board. Any new nomination received is put to the full Board for assessment and endorsement.

The Board, through the Nomination Committee annually reviews its required mix of skills and experience and other qualities, including core competencies which Non-Executive Directors bring to the Board.

The Board has implemented a process, to be carried out by the Nomination Committee annually, for assessing the effectiveness of the Board as a whole, the Committees of the Board, and for assessing the contribution of each individual member of the Board. All assessments and evaluations carried out by the Nomination Committee in the discharge of all its functions are properly documented.

Re-election

In accordance with the Company's Articles of Association, the newly appointed Directors will retire at the first Annual General Meeting ("AGM") and are eligible for re-election by shareholders. The Articles also provide that at least one third of the Board including Executive Directors is subject to re-election annually and each Director shall stand for re-election at least once every 3 (three) years.

Directors' Training

All the Directors have completed the Mandatory Accreditation Programme as required by Bursa Securities.

Training needs as deemed appropriate by individual Board members are provided. Board members keep abreast with general economic, industry and technical developments by their attendances at various appropriate conferences, seminars and briefings.

During the financial year, all the Directors have attended the following briefings in Singapore:

- i. Core Satellite Investments conducted by UBS on 3 December 2007; and
- ii. Investment and Cash Solution conducted by Deutsche Bank on 25 January 2008.

SHAREHOLDERS COMMUNICATION AND INVESTORS RELATIONS POLICY

Dialogue Between the Company and Investors

The Company places great importance on regular, effective and fair communication with shareholders. The Company makes quarterly announcements of the financial results of the Company and the Group within the time frame prescribed in the Listing Requirements of Bursa Securities, accompanied by a balanced and comprehensive assessment of the performance and position of the Company and the Group. The Company's Annual Report, containing the Financial Statements of the Company and the Group for the financial year, also contains other pertinent information and disclosures to enable shareholders and investors to have a better understanding of the Group's business and performance.

Annual General Meeting

The AGM is the principal forum of dialogue with shareholders. Shareholders are notified of the meeting and provided with a copy of the Notice of the AGM and the Company's Annual Report at least 21 days before the date of the meeting. Besides the normal agenda for the AGM, shareholders are given the opportunities to raise questions pertaining to the Group. Members of the Board and the auditors of the Company are available at the meeting to respond to all queries and to provide clarification on issues and concerns raised by shareholders.

ACCOUNTABILITY AND AUDIT

Directors' Responsibility for Preparing the Annual Audited Financial Statements

The Directors are required by the Companies Act, 1965 ("the Act") to prepare financial statements for each financial year which have been made out in accordance with the applicable approved accounting standards and the provisions of the Act. The Board of Directors is responsible for taking reasonable steps to ensure that the financial statements give a true and fair view of the state of affairs of the Group and the Company, and of their results and cash flows for the financial year under review.

In preparing the financial statements of the Group and the Company for the year ended 30 June 2008, the Board of Directors has adopted and applied appropriate accounting policies on a consistent basis, made judgements and estimates where applicable that are reasonable and prudent and ensured that applicable accounting standards have been followed.

The Directors have ensured that the Group and Company keep proper accounting and other records that will disclose with reasonable accuracy at any time the financial position of the Group and the Company, and which enable them to ensure that the financial statements comply with the Act and the applicable approved accounting standards.

Financial Reporting

In presenting the annual financial statements and quarterly financial results announcements to shareholders, the Board aims to present a balanced and fair assessment of the Group's financial position and prospects and ensures that the financial results are released to Bursa Securities well within the stipulated time frame and the financial statements comply with regulatory reporting requirements. In this regard, the Board is assisted by the Audit Committee.

The Audit Committee assists the Board in its responsibility to oversee and scrutinise the financial reporting and the effectiveness of the internal control of the Group. The Audit Committee comprises four (4) Directors, all of whom are independent non-executive. The term of references and activities of the Audit Committee are detailed in the Audit Committee Report of pages 18 to 21 of this Annual Report.

Internal Control

The Directors acknowledge their responsibility to maintain a sound system of internal controls to safeguard the shareholders' investment and the Company's assets. The Board also recognises its overall responsibility for continuous reviewing and maintenance of the system of internal controls of the Group.

The Statement of Internal Control in this Annual Report herein details the state of internal controls within the Company.

Relationship with Auditors

The Board of Directors has established a formal and transparent arrangement with the external auditors of the Company through the Audit Committee. The Audit Committee communicated directly and independently with the auditors once (1) a quarter where necessary and without the presence of the Executive Directors at twice (2) a year.

The role of the Audit Committee in relation to the external auditors is stated on pages 19 to 20.

CORPORATE SOCIAL RESPONSIBILITY (“CSR”)

The Group is mindful of the need to be an organization which is responsible socially by integrating it into the way the business is run.

At the workplace, recreational activities were organised for the employees and educational financial assistance was given to the children of the employees. The Group also provides its employees and families in our estates with quality facilities and amenities to live and work comfortably.

STATEMENT ON INTERNAL CONTROL

Introduction

The Board of Directors is pleased to present the Statement on Internal Control pursuant to Paragraph 15.27 (b) of the Bursa Malaysia Securities Berhad (“Bursa Securities”) Listing Requirements, which outlines the Group’s key elements of internal control system for the financial year ended 30 June 2008.

Board Responsibility

The Board acknowledges its responsibility in maintaining a sound system of internal controls and risk management practices to safeguard shareholders’ investment and the Group’s assets, and for reviewing the adequacy and integrity of the system. However, the Board recognizes that reviewing of the Group’s system of internal controls is a concerted and on-going process whereby such system is designed to manage rather than eliminate the risk of failure to achieve the Group’s business objectives. In pursuing these objectives, the system of internal controls can only provide reasonable and not absolute assurance against any material misstatement or loss.

Risk Management Framework

The Board regards risk management as an integral part of the business operations. The Board confirms that there is a continuous process for identifying, evaluating, monitoring and managing the significant risks affecting the achievement of the Group’s business objectives on an informal basis via its Board and Audit Committee meetings.

No major internal controls weaknesses were identified during the financial year under review that requires disclosure in the Company’s Annual Report.

Internal Audit

The outsourced Internal Auditors annually reviews the Group’s system of internal controls to address the related internal control weaknesses. The Internal Audit team independently reviews the risk identification procedures and control processes implemented by the management. Any significant weaknesses identified during the reviews together with the improvement measures to strengthen the internal controls were reported to the Audit Committee.

Other Key Elements of Internal Control

Other key elements of the system of internal control of the Group are as follows:-

- The Group has an appropriate organizational structure, which enables adequate monitoring of the activities and ensures effective flow of information across the Group.
- Responsibilities are clearly defined and delegated to the committees of the Board.
- Key processes of the Group are governed by written policies and procedures.
- Quarterly and annual financial statements with detailed analysis of financial results are reviewed by the Audit Committee who then recommended to the Board for approval prior to submission to Bursa Securities.
- The Investment Committee was set to oversee the Company’s investment transactions, management, policies and guidelines, including review of investment manager selection, establishment of investment benchmarks, review of investment performance and oversight of investment risk management exposure policies and guidelines. The Investment Committee ultimately reports the overall investment results to the Board.
- Regular visits to the estates are made by the Executive Director to observe the operation of the estates.

Board's Conclusion

Overall, the Board is satisfied that the process of identifying, evaluating and managing significant risks that may affect achievement of the Group's business objectives is in place to provide reasonable assurance. The Group will strive to ensure that the system of internal controls will be continuously enhanced and will seek regular assurance on the effectiveness and soundness of the internal control systems through appraisals by the internal as well as external auditors.

In consideration of the Internal Auditors' report, the Board is pleased to report that there were no significant internal control deficiencies for areas that have been reviewed.

In addition, in accordance with the paragraph 15.24 of the Listing Requirements of Bursa Securities, the external auditors have reviewed this Statement of Internal Control and reported that nothing has come to their attention that causes them to believe that the contents of this Statement is inconsistent with their understanding of the actual processes carried out in the Group.

Internal Audit Function

The Committee is aware of the fact that an independent and adequately resourced internal audit function is essential to assist in obtaining the assurance it requires regarding the effectiveness of the system of internal control.

The main role of the internal audit function is to review the effectiveness of the system of internal control and this is performed with impartiality, proficiency and due professional care.

After assessing the Company's current level of activities and the risk that the Company is exposed to, the Committee has recommended to the Board that the Internal Audit function be outsourced. An independent professional firm has been engaged to handle this function. Their report has been received by the Committee, discussed and recommendations implemented, where necessary and appropriate, to tighten the Company's internal control procedures.

OTHER STATUTORY INFORMATION

- (a) Before the income statements and balance sheets of the Group and of the Company were made out, the directors took reasonable steps :
- (i) to ascertain that proper action had been taken in relation to the writing off of bad debts and the making of provision for doubtful debts and satisfied themselves that there were no known bad debts and that no provision for doubtful debts was necessary; and
 - (ii) to ensure that any current assets which were unlikely to realise their values as shown in the accounting records in the ordinary course of business had been written down to an amount which they might be expected so to realise.
- (b) At the date of this report, the directors are not aware of any circumstances which would render :
- (i) it necessary to write off any debts or to make any provision for doubtful debts in respect of the financial statements of the Group and of the Company; and
 - (ii) the values attributed to the current assets in the financial statements of the Group and of the Company misleading.
- (c) At the date of this report, the directors are not aware of any circumstances which have arisen which would render adherence to the existing method of valuation of assets or liabilities of the Group and of the Company misleading or inappropriate.
- (d) At the date of this report, the directors are not aware of any circumstances not otherwise dealt with in this report or financial statements of the Group and of the Company which would render any amount stated in the financial statements misleading.
- (e) As at the date of this report, there does not exist :
- (i) any charge on the assets of the Group or of the Company which has arisen since the end of the financial year which secures the liabilities of any other person; or
 - (ii) any contingent liability of the Group or of the Company which has arisen since the end of the financial year.
- (f) In the opinion of the directors :
- (i) no contingent or other liability has become enforceable or is likely to become enforceable within the period of twelve months after the end of the financial year which will or may affect the ability of the Group or of the Company to meet its obligations as and when they fall due; and
 - (ii) no item, transaction or event of a material and unusual nature has arisen in the interval between the end of the financial year and the date of this report which is likely to affect substantially the results of the operations of the Group or of the Company for the financial year in which this report is made.

**INDEPENDENT AUDITORS' REPORT TO THE MEMBERS OF
SUNGEI BAGAN RUBBER COMPANY (MALAYA) BERHAD
(Incorporated in Malaysia)**

Report on the financial statements

We have audited the financial statements of Sungei Bagan Rubber Company (Malaya) Berhad, which comprise the balance sheets as at 30 June 2008 of the Group and of the Company, and the income statements, statements of changes in equity and cash flow statements of the Group and of the Company for the year then ended, and a summary of significant accounting policies and other explanatory notes, as set out on pages 32 to 65.

Directors' responsibility for the financial statements

The directors of the Company are responsible for the preparation and fair presentation of these financial statements in accordance with Financial Reporting Standards and the Companies Act 1965 in Malaysia. This responsibility includes: designing, implementing and maintaining internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error; selecting and applying appropriate accounting policies; and making accounting estimates that are reasonable in the circumstances.

Auditors' responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with approved standards on auditing in Malaysia. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on our judgement, including the assessment of risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, we consider internal control relevant to the Company's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of accounting estimates made by the directors, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements have been properly drawn up in accordance with Financial Reporting Standards and the Companies Act 1965 in Malaysia so as to give a true and fair view of the financial position of the Group and of the Company as at 30 June 2008 and of their financial performance and cash flows of the Group and of the Company for the year then ended.

Report on other legal and regulatory requirements

In accordance with the requirements of the Companies Act 1965 in Malaysia, we also report the following:

- (a) In our opinion, the accounting and other records and the registers required by the Act to be kept by the Company and its subsidiaries have been properly kept in accordance with the provisions of the Act.
- (b) We are satisfied that the accounts of the subsidiaries that have been consolidated with the financial statements of the Company are in form and content appropriate and proper for the purposes of the preparation of the consolidated financial statements and we have received satisfactory information and explanations required by us for those purposes.

SUNGEI BAGAN RUBBER COMPANY (MALAYA) BERHAD (3327-U)
(Incorporated in Malaysia)

- (c) The auditors' reports on the accounts of the subsidiaries were not subject to any qualification and did not include any comment required to be made under Section 174(3) of the Act.

Other matters

This report is made solely to the members of the Company, as a body, in accordance with Section 174 of the Companies Act 1965 in Malaysia and for no other purpose. We do not assume responsibility to any other person for the content of this report.

NOTES TO THE FINANCIAL STATEMENTS
30 JUNE 2008

1. CORPORATE INFORMATION

The principal activities of the Company consist of the production and sale of fresh oil palm fruit bunches. The Company is also a long term portfolio investor in securities. The principal activities of the subsidiaries are described in Note 11. There have been no significant changes in the nature of the principal activities during the financial year.

The Company is a public limited liability company, incorporated and domiciled in Malaysia, and is listed on the Main Board of Bursa Malaysia Securities Berhad. The registered office of the Company is located at Suite 6-1A, Level 6, Menara Pelangi, Jalan Kuning, Taman Pelangi, 80400 Johor Bahru. The principal place of business is located at Suite 233, 2nd Floor, PanGlobal Plaza, Jalan Wong Ah Fook, 80000 Johor Bahru.

The financial statements were authorised for issue by the Board of Directors in accordance with a resolution of the directors on 6 October 2008.

2. SIGNIFICANT ACCOUNTING POLICIES

2.1 Basis of Preparation

The financial statements comply with the provisions of the Companies Act, 1965 and applicable Financial Reporting Standards in Malaysia. At the beginning of the current financial year, the Group and the Company had adopted new and revised Financial Reporting Standards ("FRS") which are mandatory for financial periods beginning on or after 1 July 2007 as described fully in Note 2.3.

The financial statements of the Group and of the Company have also been prepared on a historical cost basis, except for freehold land included within property, plant and equipment, investment properties and available-for-sale investments that have been measured at their fair values.

The financial statements are presented in Ringgit Malaysia (RM).

2.2 Summary of Significant Accounting Policies

(a) Subsidiaries and Basis of Consolidation

(i) Subsidiaries

Subsidiaries are entities over which the Group has the ability to control the financial and operating policies so as to obtain benefits from their activities. The existence and effect of potential voting rights that are currently exercisable or convertible are considered when assessing whether the Group has such power over another entity.

In the Company's separate financial statements, investments in subsidiaries are stated at cost less impairment losses. On disposal of such investments, the difference between net disposal proceeds and their carrying amounts is included in the income statement.

(ii) Basis of Consolidation

The consolidated financial statements comprise the financial statements of the Company and its subsidiaries as at the balance sheet date. The financial statements of the subsidiaries are prepared for the same reporting date as the Company.

SUNGEI BAGAN RUBBER COMPANY (MALAYA) BERHAD (3327-U)
(Incorporated in Malaysia)

Subsidiaries are consolidated from the date of acquisition, being the date on which the Group obtains control, and continue to be consolidated until the date that such control ceases. In preparing the consolidated financial statements, intragroup balances, transactions and unrealised gains or losses are eliminated in full. Uniform accounting policies are adopted in the consolidated financial statements for like transactions and events in similar circumstances.

Acquisitions of subsidiaries are accounted for using the purchase method. The purchase method of accounting involves allocating the cost of the acquisition to the fair value of the assets acquired and liabilities and contingent liabilities assumed at the date of acquisition. The cost of an acquisition is measured as the aggregate of the fair values, at the date of exchange, of the assets given, liabilities incurred or assumed, and equity instruments issued, plus any costs directly attributable to the acquisition.

Any excess of the cost of the acquisition over the Group's interest in the net fair value of the identifiable assets, liabilities and contingent liabilities represents goodwill.

Any excess of the Group's interest in the net fair value of the identifiable assets, liabilities and contingent liabilities over the cost of acquisition is recognised immediately in the income statement.

(b) Associates

Associates are entities in which the Group has significant influence and that is neither a subsidiary nor an interest in a joint venture. Significant influence is the power to participate in the financial and operating policy decisions of the investee but not in control or joint control over those policies.

Investments in associates are accounted for in the consolidated financial statements using the equity method of accounting. Under the equity method, the investment in associate is carried in the consolidated balance sheet at cost adjusted for post-acquisition changes in the Group's share of net assets of the associate. The Group's share of the net profit or loss of the associate is recognised in the consolidated income statement. Where there has been a change recognised directly in the equity of the associate, the Group recognises its share of such changes. In applying the equity method, unrealised gains and losses on transactions between the Group and the associate are eliminated to the extent of the Group's interest in the associate. After application of the equity method, the Group determines whether it is necessary to recognise any additional impairment loss with respect to the Group's net investment in the associate. The associate is equity accounted for from the date the Group obtains significant influence until the date the Group ceases to have significant influence over the associate.

Goodwill relating to an associate is included in the carrying amount of the investment and is not amortised. Any excess of the Group's share of the net fair value of the associate's identifiable assets, liabilities and contingent liabilities over the cost of the investment is excluded from the carrying amount of the investment and is instead included as income in the determination of the Group's share of the associate's income statement in the period in which the investment is acquired.

When the Group's share of losses in an associate equals or exceeds its interest in the associate, including any long-term interests that, in substance, form part of the Group's net investment in the associate, the Group does not recognise further losses, unless it has incurred obligations or made payments on behalf of the associate.

The most recent available management or audited financial statements of the associates are used by the Group in applying the equity method. Where the dates of the audited financial statements used are not coterminous with those of the Group, the share of results is arrived at from the last audited financial statements available and management financial statements to the end of the accounting period. Uniform accounting policies are adopted for like transactions and events in similar circumstances.

In the Company's separate financial statements, investments in associates are stated at cost less impairment losses.

On disposal of such investments, the difference between net disposal proceeds and their carrying amounts is included in the income statement.

(c) Property, Plant and Equipment and Depreciation

All items of property, plant and equipment are initially recorded at cost. Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Group and the cost of the item can be measured reliably. The carrying amount of the replaced part is derecognised. All other repairs and maintenance are charged to the income statement during the financial period in which they are incurred.

Subsequent to recognition, property, plant and equipment except for freehold land are stated at cost less accumulated depreciation and any accumulated impairment losses.

Certain landed properties of the Company have not been revalued since they were first revalued in 1959. The directors have not adopted a policy of revaluation of such assets. As permitted under the transitional provisions of International Accounting Standards (IAS) 16 (Revised): Property, Plant and Equipment which was the applicable accounting standards when the first revaluation was done, these assets continue to be stated at their 1959 valuation less accumulated depreciation.

Surplus arising from revaluation is credited to the revaluation reserve account included within equity. Any deficit arising is offset against the revaluation reserve to the extent of a previous increase for the same property and the balance thereafter is recognised in the income statement. Upon disposal or retirement of an asset, any revaluation reserve relating to the particular asset is transferred directly to retained earnings.

Freehold estate has unlimited useful life and therefore is not depreciated. Depreciation of other property, plant and equipment is provided for on a straight line basis to write off the cost of each asset to their residual value over the estimated useful life at the following annual rates:

Buildings	4% - 10%
Plant and machinery	10%
Furniture and fittings	10% - 50%
Vehicles and agricultural equipment	25% - 33.3%

The residual values, useful life and depreciation method are reviewed at each financial year-end to ensure that the amount, method and period of depreciation are consistent with previous estimates and the expected pattern of consumption of the future economic benefits embodied in the items of property, plant and equipment.

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. The difference between the net disposal proceeds, if any and the net carrying amount is recognised in the income statement and the unutilised portion of the revaluation surplus on that item is taken directly to retained earnings.

(d) Investment Properties

Investment properties are properties which are held either to earn rental income or for capital appreciation or for both. Such properties are measured initially at cost, including transaction costs. Subsequent to initial recognition, investment properties are stated at fair value. Fair value is arrived at by reference to market evidence of transaction prices for similar properties and is performed by registered independent valuers having an appropriate recognised professional qualification and recent experience in the location and category of the properties being valued.

Gain or losses arising from changes in the fair values of investment properties are recognised in the income statement in the year in which they arise.

A property interest under an operating lease is classified and accounted for as an investment property on a property-by-property basis when the Group holds it to earn rentals or for capital appreciation or both. Any such property interest under an operating lease classified as an investment property is carried at fair value.

Investment properties are derecognised when either they have been disposed of or when the investment property is permanently withdrawn from use and no future economic benefit is expected from its disposal. Any gains or losses on the retirement or disposal of an investment property are recognised in the income statement in the year in which they arise.

(e) Impairment of Non-Financial Assets

The carrying amounts of assets, other than investment properties, inventories and deferred tax assets, are reviewed at each balance sheet date to determine whether there is any indication of impairment. If any such indication exists, the asset's recoverable amount is estimated to determine the amount of impairment loss.

For goodwill, intangible assets that have an indefinite useful life and intangible assets that are not yet available for use, the recoverable amount is estimated at each balance sheet date or more frequently when indicators of impairment are identified.

For the purpose of impairment testing of these assets, recoverable amount is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. If this is the case, recoverable amount is determined for the cash-generating unit (CGU) to which the asset belongs to. Goodwill acquired in a business combination is, from the acquisition date, allocated to each of the Group's CGUs, or groups of CGUs, that are expected to benefit from the synergies of the combination, irrespective of whether other assets or liabilities of the Group are assigned to those units or groups of units.

An asset's recoverable amount is the higher of an asset's or CGU's fair value less costs to sell and its value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. Where the carrying amount of an asset exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount. Impairment losses recognised in respect of a CGU or groups of CGUs are allocated first to reduce the carrying amount of any goodwill allocated to those units or groups of units and then, to reduce the carrying amount of the other assets in the unit or groups of units on a pro-rata basis.

An impairment loss is recognised in the income statement in the period in which it arises, unless the asset is carried at a revalued amount, in which case the impairment loss is accounted for as a revaluation decrease to the extent that the impairment loss does not exceed the amount held in the asset revaluation reserve for the same asset.

Impairment loss on goodwill is not reversed in a subsequent period. An impairment loss for an asset other than goodwill is reversed if, and only if, there has been a change in the estimates used to determine the asset's recoverable amount since the last impairment loss was recognised. The carrying amount of an asset other than goodwill is increased to its revised recoverable amount, provided that this amount does not exceed the carrying amount that would have been determined (net of amortisation or depreciation) had no impairment loss been recognised for the asset in prior years. A reversal of impairment loss for an asset other than goodwill is recognised in the income statement, unless the asset is carried at revalued amount, in which case, such reversal is treated as a revaluation increase.

(f) Inventories

Inventories comprise spare parts, fertilizers and chemicals and are stated at the lower of cost (determined on weighted average basis) and net realisable value.

(g) Investments and Other Financial Assets

Financial assets in the scope of FRS 139 are classified as either financial assets at fair value through profit or loss, loans and receivables, held-to-maturity investments, and available-for-sale financial assets, as appropriate. When financial assets are recognised initially, they are measured at fair value, plus, in the case of investments not at fair value through profit or loss, directly attributable transaction costs. The Group determines the classification of its financial assets after initial recognition and, where allowed and appropriate, re-evaluates this designation at each financial year-end.

All purchases and sales of financial assets that require delivery of assets within the period generally established by regulation or convention in the marketplace, are recognised on the trade date i.e. the date that the Group commits to purchase the asset.

(i) Financial assets at fair value through profit or loss

Financial assets classified as held for trading are included in the category 'financial assets at fair value through profit or loss'. Financial assets are classified as held for trading if they are acquired for the purpose of selling in the near term. Derivatives are also classified as held for trading unless they are designated as effective hedging instruments. Gains and losses on investments held for trading are recognised in the income statement.

(ii) Held-to-maturity investments

Non-derivative financial assets with fixed or determinable payments and fixed maturity are classified as held-to-maturity when the Group has the positive intention and ability to hold to maturity. Investments intended to be held for an undefined period are not included in this classification. Other long-term investments that are intended to be held-to-maturity, such as bonds, are subsequently measured at amortised cost. This cost is computed as the amount initially recognised minus principal repayments, plus or minus the cumulative amortisation using the effective interest method of any difference between the initially recognised amount and the maturity amount. This calculation includes all fees paid or received between parties to the contract that are in an integral part of the effective interest rate, transaction costs and all other premiums and discounts. For investments carried at amortised cost, gains and losses are recognised in the income statement when the investments are derecognised or impaired, as well as through the amortisation process.

(iii) Loans and receivables

Loans and receivables are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market. Such assets are carried at amortised cost using the effective interest method. Gains and losses are recognised in the income statement when the loans and receivables are derecognised or impaired, as well as through the amortisation process.

(iv) Available-for-sale financial assets

Available-for-sale financial assets are those non-derivative financial assets that are designated as available-for-sale or are not classified in any of the three preceding categories. After initial recognition available-for-sale financial assets are measured at fair value with gains or losses being recognised as a separate component of equity until the investment is derecognised or until the investment is determined to be impaired at which time the cumulative gain or loss previously reported in equity is included in the income statement.

The fair value of investments that are actively traded in organised financial markets is determined by reference to quoted market bid prices at the close of business on the balance sheet date. For investments where there is no active market, fair value is determined using valuation techniques. Such techniques include using recent arm's length market transactions; reference to the current market value of another instrument, which is substantially the same; discounted cash flow analysis and option pricing models.

(h) Cash and Cash Equivalents

For the purposes of the cash flow statements, cash and cash equivalents include cash on hand and at bank, deposits at call and short term highly liquid investments which have an insignificant risk of changes in value, net of outstanding bank overdrafts.

(i) Trade Receivables

Trade receivables are carried at anticipated realisable values. Bad debts are written off when identified. An estimate is made for doubtful debts based on a review of all outstanding amounts as at the balance sheet date.

(j) Trade Payables

Trade payables are stated at the fair value of the consideration to be paid in the future for goods and services received.

(k) Equity Instruments

Ordinary shares are classified as equity. Dividends on ordinary shares are recognised in equity in the period in which the obligation to pay is established.

(l) Provisions

Provisions are recognised when the Group has a present obligation as a result of a past event and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation, and a reliable estimate of the amount can be made. Provisions are reviewed at each balance sheet date and adjusted to reflect the current best estimate. Where the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, where appropriate, the risks specific to the liability. Where discounting is used, the increase in the provision due to the passage of time is recognised as finance cost.

(m) Income Tax

Income tax on the profit or loss for the year comprises current and deferred tax. Current tax is the expected amount of income taxes payable in respect of the taxable profit for the year and is measured using the tax rates that have been enacted at the balance sheet date.

Deferred tax is provided for, using the liability method. In principle, deferred tax liabilities are recognised for all taxable temporary differences and deferred tax assets are recognised for all deductible temporary differences, unused tax losses and unused tax credits to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, unused tax losses and unused tax credits can be utilised. Deferred tax is not recognised if the temporary difference arises from goodwill or negative goodwill or from the initial recognition of an asset or liability in a transaction which is not a business combination and at the time of the transaction, affects neither accounting profit nor taxable profit.

Deferred tax is measured at the tax rates that are expected to apply in the period when the asset is realised or the liability is settled, based on tax rates that have been enacted or substantively enacted at the balance sheet date. Deferred tax is recognised as income or an expense and included in the income statement for the period, except when it arises from a transaction which is recognised directly in equity, in which case the deferred tax is also recognised directly in equity, or when it arises from a business combination that is an acquisition, in which case the deferred tax is included in the resulting goodwill or the amount of any excess of the acquirer's interest in the net fair value of the acquiree's identifiable assets, liabilities and contingent liabilities over the cost of the combination.

(n) Employee Benefits

(i) Short term benefits

Wages, salaries, bonuses and social security contributions are recognised as an expense in the year in which the associated services are rendered by employees of the Group. Short term accumulating compensated absences such as paid annual leave are recognised when services are rendered by employees that increase their entitlement to future compensated absences, and short term non-accumulating compensated absences such as sick leave are recognised when the absences occur.

(ii) Defined contribution plans

Defined contribution plans are post-employment benefit plans under which the Group pays fixed contributions into separate entities or funds and will have no legal or constructive obligation to pay further contributions if any of the funds do not hold sufficient assets to pay all employee benefits relating to employee services in the current and preceding financial years. Such contributions are recognised as an expense in the income statement as incurred. As required by law, companies in Malaysia make such contributions to the Employees Provident Fund (“EPF”).

(iii) Retirement benefits

The Group and the Company provide for retirement benefits for eligible employees on an unfunded defined benefits basis in accordance with the terms of the unions’ collective agreement and/or employment agreement. Full provision has been made for retirement benefits payable to all eligible employees based on their last drawn salaries, the length of service to-date and the rates set out in the said agreements. Should an employee leave after completing the qualifying period of service but before attaining the retirement age, the provision made for the employee is written back. No actuarial valuation has been conducted on the retirement benefits provision, as the amount is deemed to be insignificant to the Group and the Company.

(o) Foreign Currencies

(i) Functional and Presentation Currency

The individual financial statements of each entity in the Group are measured using the currency of the primary economic environment in which the entity operates (“the functional currency”). The consolidated financial statements are presented in Ringgit Malaysia (RM), which is also the Company’s functional currency.

(ii) Foreign Currency Transactions

In preparing the financial statements of the individual entities, transactions in currencies other than the entity’s functional currency (foreign currencies) are recorded in the functional currencies using the exchange rates prevailing at the dates of the transactions. At each balance sheet date, monetary items denominated in foreign currencies are translated at the rates prevailing on the balance sheet date. Non-monetary items carried at fair value that are denominated in foreign currencies are translated at the rates prevailing on the date when the fair value was determined. Non-monetary items that are measured in terms of historical cost in a foreign currency are not translated.

Exchange differences arising on the settlement of monetary items, and on the translation of monetary items, are included in the income statement for the period except for exchange differences arising on monetary items that form part of the Group’s net investment in foreign operation. Exchange differences arising on monetary items that form part of the Group’s net investment in foreign operation, where that monetary item is denominated in either the functional currency of the reporting entity or the foreign operation, are initially taken directly to the foreign currency translation reserve within equity until the disposal of the foreign operations, at which time they are recognised in the income statement. Exchange differences arising on monetary items that form part of the Group’s net investment in foreign operation, where that monetary item is denominated in a currency other than the functional currency

(Incorporated in Malaysia)

of either the reporting entity or the foreign operation, are recognised in the income statement for the period. Exchange differences arising on monetary items that form part of the Company's net investment in foreign operation, regardless of the currency of the monetary item, are recognised in the income statement in the Company's financial statements or the individual financial statements of the foreign operation, as appropriate.

Exchange differences arising on the translation of non-monetary items carried at fair value are included in the income statement for the period except for the differences arising on the translation of non-monetary items in respect of which gains and losses are recognised directly in equity. Exchange differences arising from such non-monetary items are also recognised directly in equity.

(iii) **Foreign Operations**

The results and financial position of foreign operations that have a functional currency different from the presentation currency (RM) of the consolidated financial statements are translated in RM as follows :

- Assets and liabilities for each balance sheet presented are translated at the closing rate prevailing at the balance sheet date;
- Income and expenses for each income statement are translated at average exchange rates for the year, which approximates the exchange rates at the dates of the transactions; and
- All resulting exchange differences are taken to the foreign currency translation reserve within equity.

(p) Revenue Recognition

Revenue is recognised when it is probable that the economic benefits associated with the transaction will flow to the enterprise and the amount of the revenue can be measured reliably. The following specific recognition criteria must also be met before revenue is recognised:

(i) **Sale of goods**

Revenue relating to sale of fresh oil palm fruit bunches is recognised net of sales taxes and discounts upon the transfer of risks and rewards.

(ii) **Interest income**

Interest is recognised on a time proportion basis that reflect the effective yield on the assets.

(iii) **Dividend income**

Dividend income is recognised when the right to receive payment is established.

(iv) **Replanting cess refund**

Replanting cess refund is accounted for on a receipt basis.

(q) New Planting Expenditure

New planting expenditure incurred on land clearing and upkeep of trees to maturity are capitalised under estates costs and are not depreciated.

(r) Replanting Expenditure

Replanting expenditure consists of expenses incurred from the point of clearing of planted areas to the point of harvesting and is charged to income statement in the year that it is incurred.

2.3 Changes in Accounting Policies and Effects Arising from Adoption of New and Revised FRSs

The accounting policies have been consistently applied by the Group and the Company and are consistent with those used in the previous financial year, except for the adoption of the following new FRSs on 1 July 2007 as discussed below.

FRS 6	Exploration for and Evaluation of Mineral Resources
FRS 117	Leases
FRS 124	Related Party Disclosures
Amendment to FRS 119 ²⁰⁰⁴	Employee Benefits - Actuarial gains and losses, group plans and disclosures.
FRS 107	Cash Flow Statements
FRS 111	Construction Contracts
FRS 112	Income Taxes
FRS 118	Revenue
FRS 120	Accounting for Government Grants and Disclosures of Government Assistance
Amendments to FRS 121	The Effects of Changes in Foreign Exchange Rate - Net Investment in a Foreign Operation
Amendments to FRS 134	Interim Financial Reporting
Amendments to FRS 137	Provision, Contingent Liabilities and Contingent Assets
IC Interpretation 1	Changes in Existing Decommissioning, Restoration and Similar Liabilities
IC Interpretation 2	Members' Shares in Co-operative Entities and Similar Instruments
IC Interpretation 5	Rights to Interests arising from Decommissioning, Restoration and Environmental Rehabilitation Funds
IC Interpretation 6	Liabilities arising from Participating in a Specific Market - Waste Electrical and Electronic Equipment
IC Interpretation 7	Applying the Restatement Approach under FRS 129 ²⁰⁰⁴ Financial Reporting in Hyperinflationary Economies
IC Interpretation 8	Scope of FRS 2

The adoption of the above FRS, amendments to FRS and Interpretations does not result in significant changes in the accounting policies of the Group and of the Company.

2.4 Changes in Estimates

The revised FRS 116: Property, Plant and Equipment requires the review of the residual value and remaining useful life of an item of property, plant and equipment at least at each financial year end. The Group reviewed the residual values and remaining useful life of its property, plant and equipment and found that no revisions to the residual values and remaining useful life of its property, plant and equipment were necessary.

2.5 Significant Accounting Estimates and Judgements

Critical judgements made in applying accounting policies

The following are the judgements made by management in the process of applying the Group's accounting policies that have the most significant effect on the amounts recognised in the financial statements.

Impairment of goodwill

The Group determines whether goodwill is impaired at least on an annual basis. This requires an estimation of the value-in-use of the cash-generating units ("CGU") to which goodwill is allocated. Estimating a value-in-use amount requires management to make an estimate of the expected future cash flows from the CGU and also to choose a suitable discount rate in order to calculate the present value of those cash flows. The carrying amount of goodwill as at 30 June 2008 was RM856,701 (2007 : RM767,335). Further details are disclosed in Note 12.

Domestic current income tax is calculated at the statutory tax rate of 26% (2007 : 27%) of the estimated assessable profit for the year. The domestic statutory tax rate will be reduced to 25% from the current year's rate of 26%, effective year of assessment 2009. The computation of deferred tax as at 30 June 2008 has reflected these changes.

20. RESERVES

The components and movements of reserves are disclosed in the statements of charges in equity.

- (a) Capital reserve represents reserve created in accordance with Article No. 142 of the Company's Articles of Association and is not distributable as dividend. It consists of surplus from disposal of properties and long term investments and was created for the purpose of future acquisition of property and investment.
- (b) Fair value reserve represents net gains or losses from revaluing the available-for-sale investments at fair value.
- (c) Cultivation and replacement reserves represent reserves created for the purpose of replanting oil palm and rubber crop.
- (d) General reserve represents reserve transferred from retained profits and is distributable.

21. DISTRIBUTABLE RESERVES

Prior to Year of Assessment 2008, Malaysian companies adopt the full imputation system. In accordance with the Finance Act 2007 which was gazetted on 28 December 2007, companies shall not be entitled to deduct tax on dividend paid, credited or distributed to its shareholders, and such dividends will be exempted from tax in the hands of the shareholders ("single tier system"). However, there is a transitional period of six years, expiring on 31 December 2013, to allow companies to pay franked dividends to their shareholders under limited circumstances. Companies also have an irrevocable option to disregard the Section 108 balance and opt to pay dividends under the single tier system. The change in the tax legislation also provides for the Section 108 balance to be locked-in as at 31 December 2007 in accordance with Section 39 of the Finance Act 2007.

The Company did not elect for the irrevocable option to disregard the Section 108 balance. Accordingly, during the transitional period, the Company may utilise the credit in the Section 108 balance as at 30 June 2008 to distribute cash dividend payments to ordinary shareholdings as defined under the Finance Act 2007. As at 30 June 2008, the Company has the following amounts of tax credit in the Section 108 balance and balance in the tax exempt income accounts to pay dividends out of its entire retained earnings :

	Company

26. FINANCIAL INSTRUMENTS

(a) Financial Risk Management Objectives and Policies

The main risks arising from the Group's financial instruments are interest rate, foreign exchange, liquidity and credit risks. The policies for managing each of these risks are summarised below.

(b) Interest Rate Risk

Cash flow interest rate is the risk that the future cash flows of a financial instrument will fluctuate because of changes in market interest rates. Fair value interest rate risk is the risk that the value of a financial instrument will fluctuate due to changes in market interest rates. The Group's interest-bearing financial assets are mainly short term in nature and have been mostly placed in fixed deposits or occasionally, in short term commercial paper, with reputable banks.

The Group's policy is to obtain the most favourable interest rates available without increasing its foreign currency exposure.

(c) Foreign Exchange Risk

It is the Group's policy not to trade in derivative contracts. The foreign exchange risks of the Group occur due to the fact that the Group has transactions denominated in foreign currencies.

The unhedged financial assets and liabilities of the Group companies that are not denominated in their functional currencies are as follows :

Functional Currency of Group Companies	2008		2007	
	Ringgit Malaysia RM	United States Dollar RM	Ringgit Malaysia RM	United States Dollar RM
Cash and bank balances				
Singapore Dollar	-	58,821,839	-	36,472,928

Singapore Dollar	261,510	106,932	944,729	62,251
Pound Sterling	-	13,171	-	-
	-	-	-	-

(d) Liquidity Risk

In the management of liquidity risk, the Group monitors and maintains a level of cash and bank balances deemed adequate by the management to finance the Group's operations and mitigate the effects of fluctuations in cash flows.

(e) Credit Risk

Credit risk is managed through the implementation of procedures including credit approvals, limits and monitoring procedures.

The carrying amount of cash and cash equivalents, trade and other receivables represent the Group's maximum exposure to credit risk in relation to financial assets. No other financial assets carry a significant exposure to credit risk.

The Group has no significant concentration of credit risk.

SUNGEI BAGAN RUBBER COMPANY (MALAYA) BERHAD (3327-U)
(Incorporated in Malaysia)

(f) Fair Values

Fair values is defined as the amount at which the financial instrument could be exchanged in a current transaction between knowledgeable willing parties in an arm's length transaction, other than in a forced or liquidated sale.

The carrying amounts of the financial assets and liabilities of the Group and the Company, approximate their fair value due to the relatively short-term maturities of these balances.

27. SEGMENT INFORMATION
