The Group's revenue for the current financial period ended 30 June 2009 of RM120.89 million is lower than the revenue in the previous corresponding financial period ended 30 June 2008 of RM180.42 million. The decrease of 33.00% in turnover is mainly due to lower sales volume of cocoa products. The outlook for the coming financial year appears even more challenging as a result of the effects of the global financial crisis and recession in many developed and developing countries.
