FOR IMMEDIATE RELEASE

DRB-HICOM Group Achieves Revenue of RM13.69 Billion

Shah Alam, Thursday, May 28, 2015 - DRB-HICOM Berhad (DRB-HICOM or Group) today announced that the Group achieved revenue of RM13.69 billion and profit before taxation of RM502.21 million for the financial year ended 31 March 2015.

Despite the disposal of its insurance business as well as the challenging business environment for the automotive and property sectors, the Group's performance was reinforced by increased contribution from the defence, aero-structure, logistics as well as the solid waste management sectors.

In view of the prevailing uncertainties in the global economic condition, the Group will continue to intensify its marketing efforts to expand and sustain its revenue streams while remaining vigilant on costs and its risk management. This includes more aggressive introduction of new models for all marques marketed by the Group as well as launch of new property development projects in the Klang Valley and the Iskandar Region. Notwithstanding the challenging market conditions, the Group remains positive in its outlook and performance for the forthcoming financial year. The Group is proposing a final dividend of 4.5 sen to be approved at the annual general meeting, giving a total dividend payout of 6.0 sen per share for the financial year.
