SHARE BUY-BACK STATEMENT

in relation to the

**PROPOSED RENEWAL OF SHAREHOLDERS' APPROVAL FOR SHARE BUY-BACK BY
THE COMPANY UP TO TEN PERCENT (10%) OF THE ISSUED AND PAID-UP ORDINARY
SHARE CAPITAL OF THE COMPANY
("PROPOSED SHARE BUY-BACK")**

1. INTRODUCTION

Tiong Nam Logistics Holdings Bhd (“TNL” or “the Company”) had on 09 June 2016, announced that the Company proposes to seek shareholders’ approval for the proposed renewal of shareholders’ approval for the share buy-back by the Company up to ten percent (10%) of the issued and paid-up share capital of the Company (“Proposed Share Buy-Back”) at the forthcoming Twenty Seventh Annual General Meeting (“27th AGM”) to be convened.

The purpose of this Statement is to provide you with information on the Proposed Share Buy-Back, to set out the recommendation of your Board of Directors (“Board”) and to seek your approval for the resolution pertaining the renewal of shareholders’ approval for the Proposed Share Buy-Back to be tabled at the forthcoming 27th AGM of the Company to be convened at Lot 30462, Jalan Kempas Baru, 81200 Johor Bahru, Johor Darul Takzim on Saturday, 27 August 2016 at 9.30 a.m., notice of which is set out on page 145 to 152 of the Annual Report of the Company.

2. DETAILS OF THE PROPOSED SHARE BUY-BACK

At the Annual General Meeting of the Company held on 12 September 2015, the Company obtained its shareholders’ approval for the Company to continue to purchase and/or hold up to ten percent (10%) of the issued and paid-up ordinary share capital of the Company.

In accordance with the Main Market Listing Requirements of Bursa Malaysia Securities Berhad (“Bursa Securities”) governing the purchase of own shares by a listed company, the aforesaid approval obtained at the Company’s AGM held on 12 September 2015 will expire at the conclusion of the forthcoming 27th AGM of the Company which will be held on 27 August 2016 unless the mandate is renewed.

The Board proposes to seek approval from the shareholders for a renewal of shareholders’ approval for the Proposed Share Buy-Back. As at 30 June 2016, the issued and paid-up share capital of TNL is RM 84,142,460 comprising 420,712,300 TNL shares.

The Company purchased 1,402,900 TNL shares during the financial year ended 31 March 2016.

The total number of TNL Shares purchased by the Company for the previous twelve (12) months preceding the date of this Statement and held as treasury shares up to and including 30 June 2016 is 1,288,600 ordinary shares for a total consideration of RM1,322,632.92. The total cumulative treasury shares held to date up to and including 30 June 2016 is 4,244,100 ordinary share.

August 2015	632,000	0.92	1.10	1.01	635,998.24
September 2015	468,000	0.94	1.03	0.985	464,831.12
October 2015	5,000	1.13	1.13	1.13	5,700.20
January 2016	182,600	1.14	1.20	1.17	214,808.56
April 2016	1,000	1.25	1.25	1.25	1,294.80

2. DETAILS OF THE PROPOSED SHARE BUY-BACK (Con't)

The renewal of shareholders' approval for the Proposed Share Buy-Back shall be effective upon the passing of the resolution in the forthcoming 27th AGM on 27 August 2016 until:-

- (a) the conclusion of the next AGM of the Company following the AGM at which such resolution was passed at which time it shall lapse by ordinary resolution passed at that AGM, the shareholders' approval is renewed, either unconditionally or subject to conditions;
- (b) the expiration of the period within which the next AGM after the date it is required to be held pursuant to section 143 (1) of the Act (but shall not extend to such extension as may be allowed pursuant to section 143 (2) of the Act); or
- (c) the authority is revoked or varied by ordinary resolution passed by the shareholders of the Company at a general meeting of the Company,

whichever occurs first.

3. POTENTIAL ADVANTAGES AND DISADVANTAGES

The Proposed Share Buy-Back is expected to potentially benefit the Company and its shareholders as follows:-

- (a) The Company may be able to stabilize the supply and demand of TNL Shares in the open market thereby supporting their fundamental value;
- (b) The Proposed Share Buy-Back provides TNL the option to return its surplus financial resources to the shareholders of TNL by enhancing the return-on-equity of TNL Shares via the purchase of TNL Shares in the market;
- (c) The Proposed Share Buy-Back may enhance the earnings per share of the Company (in the case where the Board resolves to cancel the shares so purchased) and thereby long term and genuine investors are expected to enjoy a corresponding increase in the value of their investments in the Company; and
- (d) If the shares bought back are kept as treasury shares, it will give the Board an option to sell the shares so purchased at a higher price and therefore make an exceptional gain for the Company. Alternatively, the shares so purchased can be distributed as share dividends to shareholders.

However, the Proposed Share Buy-Back, if exercised, will reduce the financial resources of the Company, which may result in the Company foregoing other investment opportunities that may emerge in the future and may also reduce the amount of cash dividends that can be declared to shareholders. Nevertheless, the Board will be mindful of the interests of the Company and the shareholders in implementing the Proposed Share Buy-Back.

4. SOURCE OF FUNDS AND TREATMENT

4.1 Source of Funds

The Company proposes to utilize internally generated funds to finance the Proposed Share Buy-Back. The Board proposes to allocate a maximum amount of up to the latest audited retained profits and/or share premium account of the Company for the purchase of its own shares subject to compliance with Section 67A of the Companies Act, 1965 (“the Act”) and any prevailing laws, rules, regulations, orders, guidelines and requirements issued by the relevant authorities at the time of purchase. As at 31 March 2016, the Company’s audited retained earnings and share premium amounted to RM 83 million and RM 5.6 million respectively. The retained profit and share premium accounts of the Company based on the latest unaudited management account as at 30 June 2016 were RM 82.7 million and RM 5.6 million respectively.

4.2 Treatment of Purchased Shares

Section 67A of the Act allows treatment of purchased shares to be cancelled upon purchase, held as treasury shares or combination of both. Purchased shares held as treasury shares may be distributed as share dividends, resold on bursa Securities in accordance with the relevant rules of Bursa Securities and/or subsequently cancelled.

TNL may only purchase its own shares at a price which is not more than 15% above the weighted average market price (“WAMP”) of TNL Shares for the past five (5) market days immediately preceding the date of the purchase(s).

While the purchased shares are held as treasury shares, the rights attached to them in relation to voting, dividends and participation in other distributions or otherwise are suspended and the treasury shares shall not be taken into account in calculating the number or percentage of shares or of a class of shares in the Company for any purposes including substantial shareholdings, takeovers, notices, the requisitioning of meetings, the quorum for a meeting and the results of a vote on a resolution at a meeting.

The treasury shares arising from the share buy-back shall be resold, if so determined by the Board, at a price that is:-

- (a) not less than the weighted average market price (“WAMP”) of TNL Shares for the past five (5) market days immediately preceding the date of the resale(s); or
- (b) at a discount of not more than five percent (5%) to the five (5) market days WAMP of TNL Shares immediately prior to the resale, provided that:-
 - (i) the resale take place no earlier than thirty (30) days from the date of purchase; and
 - (ii) the resale price is not less than the cost of purchase of the shares being resold.

An immediate announcement will be made to Bursa Securities in respect of the intention of our Directors to either retain the purchased Shares or cancel them or a combination of both following any transactions executed pursuant to the approval granted under the Proposed Share Buy-Back.

5. EFFECTS OF THE PROPOSED SHARE BUY-BACK

The effects of the Proposed Share Buy-Back on the share capital, net tangible assets (“NTA”), working capital, cash flow, earnings, substantial shareholders’ shareholdings in TNL and Directors’ shareholdings in TNL assuming that the Company purchases up to a maximum of ten percent (10%) of the issued and paid-up ordinary share capital as at 30 June 2016 and that the TNL Shares purchased are cancelled, are as set out below.

5.1 Share Capital

The effect of the Proposed Share Buy-Back on the issued and paid-up ordinary share capital of the Company as at 30 June 2016 is as follows:

	Minimum Scenario* No. of TNL Shares [#]	Maximum Scenario** No. of TNL Shares [#]
Issued and paid-up share capital as at 30 June 2016	420,712,300	420,712,300
To be issued upon the: - exercise of all Warrants outstanding as at 30 June 2016	-	210,063,200
	<hr/>	<hr/>
	420,712,300	630,775,500
Maximum no. of ordinary shares to be purchased and cancelled pursuant to the Proposed Share Buy-Back	(42,071,230)	(63,077,550)
	<hr/>	<hr/>
Resultant issued and paid-up ordinary share capital after the Proposed Share Buy-Back	378,641,070	567,697,950

Notes:

* Minimum scenario assumes that there is no exercise of Warrants outstanding as at 30 June 2016, prior to the implementation of the Proposed Share Buy-Back.

** Maximum scenario assumes that all Warrants outstanding as at 30 June 2016 are exercised and converted prior to the implementation of the Proposed Share Buy-Back.

The issued and paid-up share capital is inclusive of the treasury shares held by the Company. As at 30 June 2016, the number of TNL Shares held as treasury shares are 4,244,100, none of which are cancelled.

However, the Proposed Share Buy-Back will have no effect on the issued and paid-up ordinary share capital if all the TNL Shares purchased are to be retained as treasury shares.

5.2 Net Tangible Assets (“NTA”), Working Capital and Cash Flow

The effect of the Proposed Share Buy-Back on the consolidated NTA per ordinary share will depend on the purchase prices of the TNL Shares and any loss in interest income to the Company.

The Proposed Share Buy-Back would reduce the consolidated NTA per ordinary share when the purchase price exceeds the consolidated NTA per ordinary share at the relevant point in time. Conversely, the consolidated NTA per ordinary share would be increased when the purchase price is less than the consolidated NTA per ordinary share at the relevant point in time.

The Proposed Share Buy-Back would reduce the working capital and cash flow of the TNL Group, the quantum of which will depend on the purchase prices of the TNL Shares and the number of TNL Shares purchased.

5.3 Earnings

The effect of the Proposed Share Buy-Back on the EPS of the TNL Group will depend on the purchase prices of the TNL Shares and any loss in interest income to the Company. In the event the TNL Shares purchased are held as treasury shares or cancelled, the lower number of TNL Shares used in the computation of the earnings per share is expected to result in a general increase in the earnings per share of the TNL Group for the financial year ending 31 March 2017.

5.4 Major Shareholders' and Directors' Shareholdings

Assuming that the Proposed Share Buy-Back is implemented in full and that the TNL Shares are purchased from shareholders other than the Directors, major shareholders and person connected of the Company, the effect of the Proposed Share Buy-Back on the shareholdings of the existing major shareholders, directors and persons connected to them as at 30 June 2016, are as follows:-

6. PUBLIC SHAREHOLDING SPREAD

The Proposed Share Buy-Back will be carried out in accordance with prevailing laws at the time of the purchase including compliance with the twenty-five percent (25%) public shareholding spread as required under Paragraph 3.06 (1) of the Listing Requirements. As at 30 June 2016, the Record of Depositors of TNL showed 212,750,262 Shares representing approximately 51.08% of the issued and paid-up share capital of TNL, being held by 3,733 public shareholders holding not less than 100 TNL Shares each.

7. DIRECTORS' AND MAJOR SHAREHOLDERS' INTERESTS

Save for the inadvertent increase in the percentage shareholdings and/or voting rights of the directors and major shareholders of TNL as a consequence of the Proposed Share Buy-Back, none of the directors and/or major shareholders of the Company or persons connected to them, have any interest, direct or indirect, in the Proposed Share Buy-Back and, if any, the resale of treasury shares.

8. RECOMMENDATION OF DIRECTORS

The Board, having considered all aspects of the Proposed Share Buy-Back, is of the opinion that it is in the best interest of TNL and accordingly, recommends that you vote in favour of the ordinary resolution pertaining to renewal of shareholders' approval for the Proposed Share Buy-Back at the forthcoming AGM.

9. IMPLICATION OF THE MALAYSIAN CODE ON TAKE-OVER AND MERGERS, 1998 ("THE CODE")

As at 30 June 2016, Mr. Ong Yoong Nyock ("OYN") and Madam. Yong Kwee Lian ("YKL") collectively hold 47.66 % of the total voting issued and paid-up share capital of TNL.

Assuming that the Proposed Share Buy-Back Authority is carried in full, the collective shareholding of OYN and YKL will increase to 52.96 % of the total voting issued and paid-up share capital of TNL.

Pursuant to the Code, if a person or a group of persons acting in concert holding more than 33% but less than 50% of the voting shares of the Company and such person or group of persons acting in concert acquiring in any period of six (6) months more than 2% of the voting shares of the Company, there is an obligation to undertake a mandatory general offer for the remaining TNL Shares not held by the said persons or group of persons acting in concert.

However, a waiver may be granted by the Securities Commission ("SC") under Practice Note 2.9.10 of the Code, subject to the affected substantial shareholder complying with certain conditions, if the obligation is triggered as a result of action outside its direct participation.

In the event that TNL decides to purchase its own Shares which will result in OYN, YKL and such person or group of persons acting in concert's shareholdings in TNL increasing to more than 2% in any period of six (6) months, OYN and YKL will seek a waiver from the SC under Practice Note 2.9.10 of the Code before the Company purchases its own Shares.

Dear Sir/Madam

PROPOSED NEW SHAREHOLDERS' MANDATE AND RENEWAL OF SHAREHOLDERS' MANDATE FOR RECURRENT RELATED PARTY TRANSACTIONS OF A REVENUE OR TRADING NATURE

1. INTRODUCTION

On 12 September 2015, the shareholders of the Company had approved the shareholders' mandate in relation to the recurrent related party transactions of a revenue or trading nature for the TNL Group. The aforesaid Shareholders' Mandate is subject to annual renewal and will expire at the conclusion of the Company's forthcoming Twenty Seventh Annual General Meeting ("27th AGM") unless such authority is renewed by an ordinary resolution passed at the AGM.

On 15 June 2016, the Board of Directors of the Company announced the Company's intention to seek shareholders' approval for the proposed shareholders' mandate for Recurrent Related Party Transactions of a revenue or trading nature at the forthcoming 27th AGM of the Company which will be held on 27 August 2016.

The purpose of this Circular is to provide you with details of the Proposed Shareholders' Mandate and to seek the approval of the shareholders of the Company for the Proposed Shareholders' Mandate at the forthcoming AGM.

SHAREHOLDERS ARE ADVISED TO READ AND CAREFULLY CONSIDER THE CONTENTS OF PART B OF THIS CIRCULAR BEFORE VOTING ON THE ORDINARY RESOLUTION PERTAINING TO THE PROPOSED SHAREHOLDERS' MANDATE TO BE TABLED AT THE FORTHCOMING AGM.

2. DETAILS OF THE PROPOSED SHAREHOLDERS' MANDATE

2.1 Introduction

Pursuant to paragraph 10.09, Chapter 10 of the Listing Requirements and Practice Note 12, where any Related Party Transactions of a revenue or trading nature in the ordinary course of business are entered into between a listed issuer or its subsidiaries with a Related Party, the listed issuer may seek a shareholders' mandate in respect of such transactions subject to the following:-

- (i) the transactions are in the ordinary course of business and are on terms not more favourable to the Related Party than those generally available to the public and not to the detriment of the minority shareholders;
- (ii) the shareholders' mandate is subject to annual renewal and disclosure is made in the Annual Report of the aggregate value of transactions conducted pursuant to the shareholders' mandate during the financial year, where:
 - (a) in relation to a listed issuer with an issued and paid-up capital of RM 60 million and above:
 - (aa) the consideration, value of assets, capital outlay or costs of the recurrent transactions is equal to or exceeds RM 1 million; or
 - (bb) the percentage ratios of such recurrent transactions is equal to or exceeds 1%whichever is the higher; or
 - (b) in relation to a listed issuer with an issued and paid-up capital which is less than RM 60 million:
 - (aa) the consideration, value of assets, capital outlay or costs of the recurrent transactions is equal to or exceeds RM 1 million; or
 - (bb) the percentage ratios of such recurrent transactions is equal to or exceeds 1%whichever is the lower.
- (iii) issuing of a circular to shareholders by the listed issuer; and
- (iv) where it involves the interest of a Director, Major Shareholder or person connected with a Director or Major Shareholder, such Director or Major Shareholder must not vote on the resolutions approving the transactions. An interested Director or interested Major Shareholder must ensure that persons connected with him abstain from voting on the resolutions approving the transactions.
- (v) the listed issuer announces to the Exchange when the actual value of a Recurrent Related Party Transaction entered into by the listed issuer, exceeds the estimated value of the Recurrent Related Party Transaction disclosed in the Circular by 10% or more and must include the information as may be prescribed by the Exchange in its announcement.

The Board is now seeking the approval of the shareholders of the Company for the Proposed Shareholders' Mandate, which will allow TNL Group, in its ordinary course of business, to enter into the Recurrent Related Party Transactions referred to below with the classes of Related Parties provided that such transactions are made on an arms length basis, on TNL Group's normal commercial terms which are not more favourable to the Related Parties than those generally available to the public and are not to the detriment of the minority shareholders.

The Proposed Shareholders' Mandate, if approved at the forthcoming 27th AGM, will continue to be in force until:

- (i) the conclusion of the next AGM following the 27th AGM at which such ordinary resolutions for the Proposed Shareholders' Mandate will be passed, at which time it will lapse, unless by a resolution passed at a general meeting, the authority is renewed.
- (ii) the expiration of the period within the next AGM after the date it is required to be held pursuant to Section 143 (1) of the Act (but shall not extend to such extension as may be allowed pursuant to Section 143 (2) of the Act); or

The management monitors and analyses the outstanding debts on regular basis and follow up on the status of the case and will take appropriate action to recover outstanding amounts. The Board is aware of the outstanding amount that exceed the credit period and opined that outstanding debts exceeding credit period do occur in the normal course of business and is of the opinion that there will be no recoverable issue as the related parties is the Group's long trading partners with good credit standing. The amount owing by LPSB and TNE have been fully settled in June 2016. The amount owing by TNESA have been fully settled in May 2016.

The Board has instructed the management to monitor and follow up on related parties collection. The Group will continue its policy to recover outstanding debts by regular contact and phone calls with the debtors, including related parties, failing which to initiate legal action to recover the debts.

2.5 Methods or Procedures on which transactions prices are determined and Review Procedures for Recurrent Related Party Transactions (“RRPT”)

The Group has established the following procedures to ensure that the RRPT are undertaken at arm’s length basis and on normal commercial terms consistent with the Group’s usual business practices and policies, which are generally no more favourable to the Related Parties than those generally available to the public and are not detrimental to TNL’s minority shareholders.

These procedures include the following:

- (i) All companies within the Group have been informed of the definition of Related Party(ies) and that all RRPT are required to be undertaken on arm length basis and on normal commercial terms and on terms not more favourable to the Related Parties than those generally available to the public;
- (ii) All RRPT are necessary for day-to-day operations. These transactions may be constrained by the proprietary nature and confidentiality of such transactions. For transaction where it is vital that confidentiality be maintained, it will not be feasible for the Group to obtain quotation or comparative pricing from unrelated third parties as this will entail the release of details of the transaction and may adversely affect the interests of the Group and place the Group at a disadvantage to its competitors. Where practical and/or feasible, at least 2 other contemporaneous transactions with unrelated third parties for similar products/services and/or quantities would be used as comparison, to determine whether the price and terms offered to/by the related parties are fair and reasonable and comparable to those offered to/by other unrelated third parties for the same or substantially similar type of products/services and or quantities. The rental is determined based on per square foot basis at prevailing market rates after taking into consideration of the building structural conditions and is on terms that are not more favourable to the Related Party than those generally available to the public and not detrimental to the minority shareholders. Where it is impractical to obtain quotation or comparative pricing from unrelated third party, the transaction should be transacted at the usual commercial terms (including where appropriate usual preferential rates and discounts) and otherwise in accordance with applicable industry norms. Preferential rates and discounts shall be considered based on volume and total value of transactions per month;
- (iii) Where applicable, the terms of the pricing of the RRPT will be consistent with the Group’s usual business practices and policies and will take into consideration the terms and conditions, level of service and expertise required, quality, reliability and consistency of products and services as compared with the prevailing market rate of prices and general practices by other service providers of similar capacity and capability;
- (iv) All RRPT will be reviewed by the Audit Committee of the Company on a yearly basis. Any member of the Audit Committee may as he deems fit, request for additional information pertaining to the RRPT from independent sources or advisers;
- (v) The Audit Committee shall review procedures, and shall continue to review the procedures, as and when required, with the authority to sub-delegate to individuals or committees within the Company as they deem appropriate;
- (vi) The annual internal audit plan shall incorporate procedures to ensure that the RRPT have been entered into in accordance with the review procedures. Any divergence will be reported to the Audit Committee;

- (vii) If a member of the Board or the Audit Committee has an interest in the transaction, he will abstain from any decision making by the Board or the Audit Committee in respect of the transaction; and
- (viii) There is no specific threshold for approval of RRPT. However, all RRPT are approved by authorized senior executives such as Chief Operating Officer, Financial Controller and General Managers who are having authority and responsibility for planning, directing and controlling the activities of the entity directly or indirectly.

2.6 Disclosure

The Group has in place adequate procedures and processes to monitor, track and identify RRPT in a timely and orderly manner. The Audit Committee shall review the RRPT at least once a year and also review the established guidelines and procedures to ascertain their compliance. If during the periodic reviews, the Audit Committee is of the opinion that the guidelines and procedures are not sufficient to ensure that the RRPT:

- (i) will be conducted on an arm's length basis;
- (ii) are on normal commercial terms in the ordinary course of business;
- (iii) are not more favourable to the Related Parties than those generally available to the public;
- (iv) are not more prejudicial to the interests of shareholders; and
- (v) are not detrimental to the interests of minority shareholders,

the Company will seek a fresh mandate based on new guidelines and procedures.

3. RATIONALE AND BENEFITS

The Group has long standing business relationship of between one (1) to thirty (30) years with the Related Parties. The principal activities of the Group are the provision of total logistics services, transportation, forwarding, handling stuffing and unstuffing, general and bonded warehouse services, container haulage services, coldroom facilities and sale of diesel, NGV gas and accessories and property development. The transaction price will be determined by the Group based on that offered by/to other unrelated parties for the same or substantially similar type of transaction to ensure that the Recurrent Related Party Transaction is not detrimental to the Group.

The obtaining of the Proposed Shareholders' Mandate on an annual basis will eliminate the need to convene separate general meeting from time to time to seek shareholders approval as and when the Recurring Related Party Transactions with mandated Related Parties arise thereby reducing substantially administrative time, inconveniences and expenses associated with convening such meetings.

The transactions with mandated Related Parties over the last one (1) to thirty (30) years have benefited the Group substantially as the mandated Related Parties have introduced to the Group their customers in Singapore and Peninsular Malaysia for total logistics services, transportation, forwarding, handling stuffing and unstuffing, general and bonded warehouse facilities, coldroom facilities, project cargo facilities and container haulage facilities for mutual benefits. These transactions have enhanced the revenue and services provided by the Group and has enable the Group to continue to expand its customer base and thereby expand its total logistics services, transportation, forwarding, handling stuffing and unstuffing, general and bonded warehousing services, coldroom facilities, project cargo facilities and container haulage facilities.

On 23 December 2014, TPSB and the Contractor (as main contractor) entered into the Contract the Proposed Mixed Commercial Strata Development of 1 block of Service Apartment, 1 block of 22 storey Hotel, 5 Storey Podium Carpark inclusive of 2 storey basement, 19 lot retail space, management office, refuse chamber, 1 unit Stesen Suis Utama (SSU) and 1 unit Guard House for the development of the Pinetree Marina Resort at Johor Bahru, Johor Darul Ta'zim ("**Project**").

Subsequently, TPSB served a letter of demand to MBB requesting the release of payment amounting to RM 15,738,100.00 pursuant to the BG.
